Casey Finney Beats Cancer

The City of Chamblee is proud to announce that our own Casey Finney walked in the Atlanta Susan G. Komen 3-Day on Oct. 17-19. Finney has been a 911 dispatcher with the city for four years. In November 2013, she was diagnosed with breast cancer. Since then she has undergone eight chemotherapy treatments and multiple surgeries. On May 5 this year, Casey got the great news that there is no more evidence of disease.

While going through her treatments, Casey inspired the city and especially her 911 team. She continued working as a dispatcher through her chemotherapy treatments. Her coworkers pulled together to be flexible with shifts and to give her time as needed.

“Her strength to work through the treatments and always come in with a smile

on her face truly inspired her team,” said co-worker Melissa Lentini. Fellow dispatchers called and texted words of inspiration to Casey throughout her treatment. They even decorated the 911 calling center to keep her spirits up.

Casey has been back to work full time since July 2. She was very happy and excited to participate in the 3-Day Walk. The dispatch team raised more than \$300 for the event and came together to make a cheering section for Casey.

Through this experience, Casey believes she has grown as a person. Her advice to others: find what makes you truly happy and pursue it, because tomorrow is never

promised. She thanks the city for being supportive through her treatments. The City of Chamblee is very proud and inspired by our everyday hero, Casey Finney.

Thank you

I want to say a HUGE THANK YOU to my police department family for their patience, acceptance, and outpouring of love and support during this difficult time. I love and appreciate all of you!

—Casey

City Development Highlights

Proof that the economy is on the rebound is that the City of Chamblee is attracting some major developments. These are investments in the economy of our community that will add new business activity and new residents for many decades to come.

Gateway South was given approval for a planned unit development on the site of the old City Farmers' Market at Chamblee-Tucker Road and Peachtree Boulevard – across the street from Walmart. The traffic light at this location will be the primary entrance and will also accommodate future development of the vacant MARTA parking lot next door.

The large mixed-use project is being developed by CFD Peachtree Boulevard, LLC. It will include 283 apartments, including a number of live-work units and townhouses. The commercial component will include more than 11,000 sq. ft. of restaurant and retail space. A two-level parking facility will accommodate more than 500 cars and will be topped by a green trellis and wrapped with a green wall. Because of its vicinity to MARTA, Gateway South will have a smaller parking garage than other developments of this size.

Gateway South's architecture will feature a series of four- and five-story buildings with undulating facades and ground-level storefronts covered by awnings. The main building will be topped by an illuminated roof sign that says "Chamblee," which will serve as a gateway to the southern entrance of our vibrant and growing city.

An even bigger mixed-use project is proposed by Spruce Street Properties on the west side of Peachtree Boulevard at its intersection with Clairmont Road. Parkview on Peachtree would have 600 apartments, 5,112 sq. ft. of office space, 23,821 sq. ft. of retail space, and a 28,540 sq. ft. grocery store.

The developer has prepared an application for approval that is on the agenda of City Council for a public hearing on the evening of Oct. 16. This new development will abut Keswick Park and be bisected by the existing Chamblee Rail-Trail, providing an exciting gateway for bikes, pedestrians and joggers using the trail next to Clairmont Road joining Keswick Park and Chamblee-Tucker Road.

Partnership with DeKalb CVB

We are excited to work with the DeKalb Convention and Visitors Bureau to promote our events and make Chamblee a destination spot.

The City of Chamblee collects a special 5 percent tax from all hotels and motels within the city limits. Two percent of this revenue must be spent on promoting Chamblee tourism and this promotion has to be done through a contract with a public nonprofit agency. The city has signed a one-year contract with the DeKalb Convention and Visitors Bureau, which also partners with the Stone Mountain Memorial Association, the City of Doraville and the City of Decatur.

The DeKalb CVB will advertise Chamblee events, restaurants and businesses, and provide opportunities for cross advertising. The organization produces the *Discover DeKalb Destination Guide* magazine, the "Off the Eaten Path" blog and DiscoverDeKalbMusic.com.

To promote our city, DeKalb CVB has created the Discover Chamblee webpage and highlighted Chamblee in its Discover DeKalb newsletter. The CVB also enlisted professional photographer Carmen K. Sisson to take photos of Chamblee to use for promotions.

The DeKalb CVB was the presenting sponsor of this year's Taste of Chamblee event.

The organization has joined the Chamblee Chamber of Commerce and will be on the Economic Development committee.

The DeKalb CVB had a professional photographer take photos like this one for Chamblee to use for promotions.

Free Driving Class for Chamblee Teens

Nov. 5, 6-8 p.m., Chamblee Civic Center

The Georgia Teens Ride with P.R.I.D.E. (Parents Reducing Injuries and Driver Error) and the Chamblee Police Department offer a free, two-hour course designed to help parents and their new teen drivers, ages 15-16, learn what they need to do during the 40 hours of supervised practice driving time.

The program is designed to reach young drivers before they begin to develop bad habits behind the wheel. The goal is to teach young people to drive responsibly to prevent the injuries and deaths that are due to distracted drivers and lack of experience. Parents and teens receive facts and statistics, crash dynamics, and information on Georgia's Teenage and Adult Driver Responsibility Act (TADRA), including Joshua's Law. Parents also receive instructions and a take home guide on supervised driving practice time, while teens engage in a roundtable discussion about risky behaviors.

During the last several years, the city and police department have received positive feedback and praise for this program within the community. Residents of Chamblee as well as teens and parents from across Metro Atlanta have attended. If you would like to attend the classes, please register on the Chamblee website, chambleega.com

Instructions for Leaf Season

Please remember to place limbs, logs, and leaves in separate piles for pickup to ensure proper handling without impeding service times. All these items are collected by different trucks for recycling.

Do not mix construction debris with yard trimmings. Any of the above items mixed with leaves will damage the impeller inside the leaf machine and this could jeopardize collection times and create unsafe conditions for the workers. Place leaves in loose piles on the ground on the residents' side of the curb, or they may also be bagged. The leaf machine runs through the entire city once a week. Because of the volume, there is no set day when it will be in your area. We rotate the starting point of collection each week to ensure equal pickups.

All trash should be bagged, tied, and at the street by 7 a.m. Call 770-986-5019 with questions or concerns.

Residents Can Connect with PD on Nextdoor.com

Sixteen neighborhoods in Chamblee are using Nextdoor and now the City of Chamblee and the Chamblee Police Department have adopted this platform to communicate directly with residents. This partnership will improve city-wide and neighbor-to-neighbor communications and help build safer communities across the city.

Nextdoor is a free and private social network for neighborhoods. On Nextdoor, users create websites for their neighborhoods where they can ask questions, get to know one another, exchange local advice and recommendations, and share important safety information. They can work with the police department to improve safety and strengthen virtual neighborhood watch efforts, and also receive important notifications directly from the city.

Tens of thousands of neighborhoods already use Nextdoor to:

- Find trustworthy local resources, such as babysitters, plumbers, and dentists.
- Communicate with neighbors and police about suspicious activity and safety concerns.
- Organize neighborhood events, such as garage sales and block parties.
- Get assistance in finding lost pets and missing packages.
- Sell or give away items, like an old kitchen table or bike.

Nextdoor was specifically designed to make neighbors feel comfortable sharing information with one another. All members must verify that they live within the neighborhood. Information shared on Nextdoor is password-protected and cannot be accessed by those outside the neighborhood or found on search engines. To join your private neighborhood social network, visit nextdoor.com.

An emergency is any situation that requires immediate assistance from the police, fire department or ambulance. Examples include:

- Fire
- Crime, especially if in progress
- Car crash, especially if someone is injured
- Medical emergency, such as someone who is unconscious, gasping for air or not breathing, experiencing an allergic reaction, having chest pain, having uncontrollable bleeding, or any other symptoms that require immediate medical attention.

Important: If you're not sure whether the situation is a true emergency, notify Chamblee 911 and let the call-taker determine whether you need emergency help.

When reporting suspicious activity, it is helpful to give the most accurate description possible, including:

- Brief description of the activity
- Date, time and location of the activity
- Physical identifiers of anyone you observed
- Descriptions of vehicles
- Mode and direction of travel
- Your name and contact information (optional)

Remember, you can report on suspicious activities anonymously.

A wonderful tool the City of Chamblee provides free of charge is Smart911. You can create a secure profile that automatically shows our Chamblee dispatchers any additional information you believe would help in the case of an emergency such as the number of people residing in your home, and whether any residents are disabled or allergic to common medicines. Be smart about safety. Take five minutes to create a Safety Profile at smart911.com.

Municipal Court

The Chamblee Municipal Court is responsible for handling all misdemeanor traffic cases, city ordinance violations, and certain state misdemeanor crimes in which prosecution is initiated by the Chamblee Police Department or other police agencies (such as MARTA or the Georgia State Patrol) for violations occurring within the Chamblee city limits.

Day-to-Day Functions

Chamblee Municipal Court is staffed with two full-time court clerks, two part-time judges, a part-time solicitor, and two part-time interpreters. The municipal court office is on the second floor of the Chamblee Police Department.

On a daily basis, court clerks maintain citation records, accept payments, answer questions, prepare citations for court, and break down paperwork after court. Court normally takes place four times a month starting at 6 p.m. in the Chamblee Civic Center.

What You Need to Know

- Your court date is printed on your ticket.
- The bond (fee) is normally printed on your ticket.
- If you miss your assigned court date contact the court clerk as soon as possible.
- Appropriate court attire is required.
- Bring all supporting documents and evidence to court with you.
- Listen to the judge and all court staff while court is in session. They give out important information.
- Not all citations require the defendant to appear in court. Depending on the charges, many citations may be paid in lieu of appearing in traffic court. Citations handled this way are treated as guilty pleas.

Judge Samuel Werbin

Payments

If a court appearance is not required, the citation will usually have the bond amount displayed on it. These citations may be paid at the Chamblee Police Department records section during regular business hours. Payments for citations may also be made by mail, but the payment must be received by the court on or before the court date. A copy of the citation(s) must be included.

Forms of Payment: cash, credit or debit card (in person only), money order, and certified check. Payments are not accepted online or over the phone.

Probation

Depending on the charges, the judge may sentence a defendant to a term of probation. Probation is handled by Professional Probation Services, Inc. Defendants who are unable to pay their fines in court when assessed by the judge will also be placed on probation to allow for payments to be made.

If you are placed on probation, there is a \$49 monthly probation fee in addition to other fees owed. The probation fee is collected by Professional Probation Services, Inc., and submitted to the appropriate state agency on a monthly basis.

Administrative Staff

Court Clerk Supervisor Allyson Shropshire has been with the city for 10 years. Before Chamblee, she worked at the Atlanta Police Department as an identification clerk.

Little Free Libraries Sprout in Chamblee

Adam Stine, former president of the Huntley Hills Neighborhood Association, was honored in September with the installation of a Little Free Library at the neighborhood park on Longview Drive and Admiral Drive. Stine's wife, Stefanie Ramsey, officially opened the park's Little Free Library by donating some of Stine's favorite science fiction books.

"The 'take a book, return a book' concept is so perfect in honoring Adam," explained Ramsey. "One of the many things that sealed our relationship early on was our love of books. Adam would have loved that there is now a gathering place where anyone can stop by and pick up a book and then bring back a book to share."

Stine died in 2012 at the age of 45 from amyotrophic lateral sclerosis (ALS).

"Since Adam's death, we've all struggled to find something that truly represented his importance to this neighborhood," explained neighbor Paige Perkins. "The Little Free Library concept perfectly reflects Adam's idea of participatory philanthropy – share what you have and ask others to do the same and you can't help but build a great community."

A neighbor donated the installation and Leslie Freymann, Chamblee Recreation Advisory Committee member and Huntley Hills neighbor, coordinated the effort with the assistance of the Chamblee Public Works and Parks Department. Freymann also welcomed Stine's family and friends to

the park for the installation.

The Stine library is the fourth Little Free Library in Chamblee. The other three are located at the corner of Keswick Drive and Keswick Circle (installed by the Terry family), in Huntley Hills at the corner of Longview and Plantation Lane (installed by the Freymann family) and the front entrance at Huntley Hills Elementary School (installed by parents).

The Huntley Hills Elementary library is at a popular corner where crossing guard Ms. Penny is stationed. The library adds extra excitement to the start of the kids school day. They bring books from home to donate and select new books to take into the school for reading time.

Volunteers from the Chamblee Parks and Recreation Advisory Committee can help coordinate efforts and provide assistance to residents who wish to install their own Little Free Libraries or partner with neighbors to set one up. Local businesses can also sponsor libraries.

For more photos and details about the Chamblee Little Free Libraries, visit facebook.com/LittleFreeLibraryChamblee.

September Chamber of Commerce Breakfast

GBI Director Vernon Keenan Speaks

Georgia Bureau of Investigation Director Vernon Keenan was the featured speaker at the Chamblee Chamber Breakfast held last month at Chamblee's newest restaurant, Southbound. Speaking to a packed room, Director Keenan addressed the different levels of state and local law enforcement agencies. The purpose of the GBI is to be a resource to all local authorities within the state of Georgia.

Local police and law enforcement departments often request the GBI's assistance to utilize their specialized equipment and databases. There are seven GBI crime lab facilities strategically located throughout Georgia to provide forensic services to regional local criminal justice agencies. Director Keenan finished by taking questions and commenting on topics such as human trafficking, crime labs, officer-involved shootings and autopsies.

Holiday Cooking Fire Prevention Tips

Most house fires occur while someone is cooking. Here are tips for avoiding fires in the kitchen.

Keep an eye on what you fry. Do not wear loose clothing or dangling sleeves while cooking. Never leave cooking food unattended. If you must leave the kitchen, for even a moment, turn off the stove.

Other ways to avoid cooking fires:

- When frying food, if you see smoke or the grease boils, turn the burner off.
- Keep children and pets at least three feet away from the stove.
- Clean and clear the area around the stove before turning on the heat.
- Turn pot handles to the back of the stove so no one bumps them or pulls them over.
- Move things that can burn away from the stove – items such as dishtowels, bags, boxes, paper and curtains.

The pan is on fire. If the pan catches fire, don't move it. Slide a pan lid or cookie sheet on top of the pan to smother the fire. Turn off the heat. Never try to stop a grease or oil fire with water – it will only make the fire bigger.

Oven, microwave fires. If something catches fire in the oven, keep the door closed. Call 911 so firefighters can make sure the fire didn't spread to the walls. If a fire occurs in the microwave, keep the door closed and unplug it. Don't use it until a repairman checks it.

Stop, drop and roll. If a fire occurs and someone's clothes are on fire, he/she should stop immediately, drop to the floor, cover face with hands and roll until the fire is out.

Just get out. Leave the home and call the fire department from outside. Make sure everyone in the home gets out – fast.

Once outside, stay out. Never go back inside a burning building.

Make a plan. The Red Cross recommends that households develop a fire escape plan and practice it at least twice a year with everyone who lives in the home. You should know two ways to escape from every room and designate a place to meet outside the home in case of a fire.

Taste of Chamblee

It was perfect weather at this year's Taste of Chamblee. It was a day of yummy food, good music and cool cars. Georgia Lions Lighthouse raised more than \$50,000 to support their mission to create a better Georgia by providing much-needed vision and hearing care to our under-served neighbors.

Taste of Chamblee winners:

- **Blogger's Choice**, presented by Malika Bowling (Atlanta Restaurant Blog, Association of Food Bloggers President): Hello Gorgeous Boutique and Café
- **Dining Out Magazine Award**: Olde Blind Dog
- **Judges Choice**: Chamblee Bistro
- **Chamblee Favorite**: Chilangos Group
- **Chamblee Favorite Runner-up**: The Mad Italian

From left: Kristian Ashe, Chef Alexis Hernandez of Union Hill Kitchen, and Teresa Taylor. Chef Hernandez won Food Network's Cutthroat Kitchen competition in September.

Chef Julian and server

Our favorite Jolly Ol' Elf is coming back to visit his favorite city for breakfast! On Saturday, Dec. 13, bring your children to the Chamblee Civic Center for a fun-filled morning to celebrate the Christmas Season. In addition to a visit with Santa, children will enjoy a variety of activities including art projects and storytelling.

Admission is just \$5 per child (parents are free but may purchase additional breakfasts for \$2 each) and spots fill up quickly so please make your reservations early. Sixty children will be admitted each hour from 8 a.m. to noon. Call 770-986-5016 or visit chambleega.com to make your reservation today.
