

VARIANCE APPLICATION PACKET

A variance is a modification of the specific provisions of the Unified Development Ordinance (UDO) granted when strict enforcement of the UDO would cause undue hardship owing to circumstances unique to the individual property on which the variance is granted.

The first step toward applying for a variance is to contact the Development Department to schedule a pre-application meeting.

Application Requirements Checklist:

The following information and documentation must be received in order for a variance submittal to be deemed a complete application:

- Completed Application Requirements Checklist
- Variance Application Form
- Owner Permission Affidavit(s)
- Campaign Contribution Disclosure Statement(s)
- Pre-Application Form Signed by the Development Department
- Redevelopment Assessment Form
- Legal Description of the property
- Letter of Intent:
 - a. For a Zoning Variance or Sign Variance, provide a project description and justification of how the project complies with the Review and Approval Criteria in Section 280-31. Each of the following Criteria for a zoning variance or sign variance must be addressed by the applicant:
 - 1) There are extraordinary and exceptional conditions pertaining to the particular property in question because of its size, shape or topography; and
 - 2) The application of this UDO to the particular piece of property would create an unnecessary hardship; and
 - 3) Such conditions are peculiar to the particular piece of property involved; and
 - 4) Such conditions are not the result of any actions of the property owner; or
 - 5) Relief, if granted, would not cause substantial detriment to the public good nor impair the purposes or intent of this zoning ordinance.
 - b. For a Stream Buffer Variance, provide a project description and justification of how the project complies with the Review and Approval Criteria in Section 310-19(c). Each of the following Criteria for a stream buffer variance must be addressed by the applicant:
 - 1) The shape, size, topography, slope, soils, vegetation and other physical characteristics of the property;
 - 2) The locations of all streams on the property, including along property boundaries;
 - 3) The location and extent of the proposed buffer or setback intrusion;
 - 4) Whether alternative designs are possible which require less intrusion or no intrusion;
 - 5) The long-term and construction water-quality impacts of the proposed variance; and
 - 6) Whether issuance of the variance is at least as protective of natural resources and the environment.

- Site Plan (See attached Site Plan Checklist for requirements)
- Other materials reasonably required by the City necessary to the analysis of the application.
- Application Fee (Single-family detached residential: \$450 + \$50 for each additional variance; All other uses: \$1,300 + \$100 for each additional variance. All variances require additional advertising fees.)

Please submit the entirety of your application submittal electronically, saved in .pdf format with a maximum 50 MB file size, to Chambleedevelopment@chambleega.gov. No hard copies are required to be submitted. Fees can be paid electronically via the link found at www.chambleega.gov/152/appications-and-forms.

Application Processing:

An application shall be considered complete and ready for processing only if it is submitted in the required format, includes all required information and supporting documentation, and is accompanied by the application filing fee. The Development Director shall make a determination of application completeness in accordance with the schedule established pursuant to Section 280-6. Applications deemed complete by the Development Director will be considered to be in the processing cycle and will be reviewed by City Staff, affected agencies, and other review and decision-making bodies in accordance with applicable review and approval procedures of the UDO.

Any variations to strict compliance with the regulations of the UDO require review and approval by the Mayor and City Council in accordance with the variance procedures of Chapter 280, Article 4.

The Mayor and City Council shall, upon receipt of recommendations from Staff, hold a public hearing on a variance application. This takes place at the Mayor and City Council Work Session the Thursday prior to the regular monthly Mayor and City Council meeting, at 6:00 pm at the Chamblee Civic Center, located at 3540 Broad Street, Chamblee, GA 30341.

A meeting of the Mayor and City Council for the purposes of reviewing and making final decisions on variances shall be conducted either no more than five days after the date of the public hearing, or at the next scheduled meeting of the Mayor and City Council, where the Mayor and City Council shall act by simple majority vote to approve the variance, approve the variance with conditions, or deny the variance based on the applicable review and approval criteria of Section 280-31. The Mayor and City Council is also authorized to defer action or continue a hearing in order to receive additional information or further deliberate. The regular meeting of the Mayor and City Council occurs the third Tuesday of every month at 7:30 pm at the Chamblee Civic Center, located at 3540 Broad Street, Chamblee, GA 30341.

If a variance application is denied, an application to vary the same zoning ordinance provision for the same portion of the subject property may not be resubmitted for six (6) months from the date of the denial.

Any person aggrieved by a final variance decision of the mayor and city council, including any officer, department, board or agency affected by such decision, may seek review of such decision by petitioning the superior court for a writ of certiorari, setting forth the alleged errors. The petition must be filed within 30 days of the date that the mayor and city council renders its final decision.

See Zoning Application Schedule for submittal deadlines and public meeting dates.

The current UDO and Zoning Application Schedule can be found at www.chambleega.gov/160/zoning.

Variance Site Plan Checklists

Zoning Sign Variances

At a minimum, a zoning variance or sign variance request shall include the following:

1. Site Plan of Existing Conditions. The site plan must be to scale and include:
 - Parcel boundaries
 - North arrow
 - Visual scale a minimum of 1"=100'
 - Location of streams and lakes affecting the property
 - Abutting streets, sidewalks, and rights-of-way
 - Existing building footprints, and other existing impervious surfaces such as driveways and walkways
 - Location of permanent ground signs
 - Existing easements
 - Required zoning setbacks
 - Existing impervious surface area ratio calculation
 - Existing open space calculation provided (if non-residential)
 - Required zoning buffers
 - Additional information as requested by Staff
2. Site Plan of Proposed Conditions. The site plan must be to-scale and include the following, clearly identified with dimensions and materials:
 - Parcel boundaries
 - North arrow
 - Visual scale a minimum of 1"=100'
 - Location of streams and lakes affecting the property
 - Abutting streets, sidewalks, and rights-of-way
 - Proposed building footprints, and other impervious surfaces such as driveways and walkways
 - Location of permanent ground signs
 - Easements
 - Required zoning setbacks
 - Impervious surface area ratio calculation
 - Open space calculation provided (if non-residential)
 - Required zoning buffers
 - Additional information as requested by Staff

Stream Buffer Variances

At a minimum, per Section 310-19(c) of the UDO, a stream buffer variance request shall include the following:

- A site map that includes locations of all streams, wetlands, floodplain boundaries and other natural features, as determined by field survey;
- A description of the shape, size, topography, slope, soils, vegetation and other physical characteristics of the property;
- A detailed site plan that shows the locations of all existing and proposed structures and other impervious cover, the limits of all existing and proposed land disturbance, both inside and outside the buffer and setback. The exact area of the buffer to be affected shall be accurately and clearly indicated;
- Documentation of unusual hardship should the buffer be maintained;
- At least one alternative plan, which does not include a buffer or setback intrusion, or an explanation of why such a site plan is not possible;
- A calculation of the total area and length of the proposed intrusion;
- A stormwater management site plan, if applicable; and
- Proposed mitigation, if any, for the intrusion. If no mitigation is proposed, the request must include an explanation of why none is being proposed.
