—FOR IMMEDIATE RELEASE—
MID-CITY STROLL COMING TO CHAMBLEE’S PEACHTREE ROAD

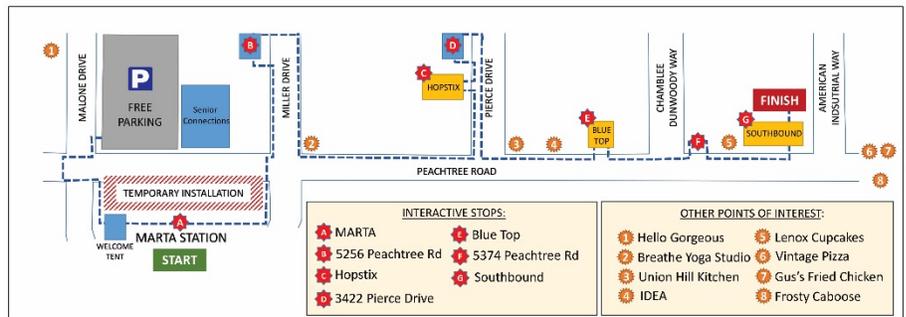

August 14, 2017— The City of Chamblee is working on a project to develop the Peachtree Road Streetscape design that will determine the best solutions for roadway, sidewalk and other amenities along the Peachtree Road corridor in the heart of downtown Chamblee, along with the extensions of the Chamblee Rail Trail.

Please join us on **Thursday, September 7th from 5:30-8:30 p.m. for the Mid-City Stroll** — this will be an open house format with stops along the corridor for opportunities to mingle and comment on the initial concept designs. To participate in the full Mid-City Stroll, please plan to arrive no later than 7:00 p.m.

Parking is available at Senior Connections, located at 5238 Peachtree Road. A welcome tent with activities and performances will be located on the MARTA lawn across the street where the walk begins. Following along the Mid-City Stroll route, participants can observe the streetscape and Rail Trail concepts with temporary installments of streetscape elements that improve the pedestrian experience along the corridor and increase activity downtown. Opportunities to express opinions about the installments along the way are available.

Children are welcome; there will be activities and giveaways for the whole family.
